FOR IMMEDIATE RELEASE

Bliss Walk-in Tubs Begins its Eighth Year with Hundreds of Quality Dealers Across the USA

Bliss Tubs is celebrating its eighth year of building walk-in bathtubs at its USA manufacturing facility and marketing them across the 48 states of the contiguous United States.

During 2015, Bliss Tubs added over 20 new contractors, dealers and medical product retailers to its customer list. Bliss Tubs' dealer network now extends across the entire country, from the full West Coast to New England extending down into Southern Florida.

Bliss Tubs maintains its reputation for manufacturing high quality walk-in tubs sold at a fair price. Over the past year, Bliss Tubs has upgraded its installation guide for contractors and operating manuals for customers. The revamped guides are considered by industry insiders to be the most thorough and useful guides available.

Bliss Tubs is one of the few walk-in bathtub companies to earn and retain the UL certification expected by government inspectors in many localities. Underwriters Laboratories (UL) is a worldwide safety consulting and certification company that tests and monitors consumer products. Authorized by the Occupational Safety and Health Administration to evaluate consumer goods, UL has gained a reputation for analyzing and determining high quality products.

About Bliss Tubs

Bliss Walk-In Bathtubs are produced at Bliss Tubs' quality-focused America-based production facility by a manufacturing team comprised of trained professionals who are graduates of acclaimed USA universities and colleges. Bliss Tubs has built a national reputation for providing attractive, effective and enjoyable bathing solutions to those with limited mobility. We offer independence to individuals and families seeking a safe and easy way to bathe right in the convenience and comfort of their own home.

Bliss Tubs offers more than just the optimal walk-in bathing experience. When you choose Bliss Tubs, you will also be taking advantage of our extensive, highly professional dealer network. Our dealers emphasize quality installation, customer service and prompt response — all while maintaining a lower average price for our walk-in tubs than many competitors.

Investing in a Bliss Walk-In Bathtub is an investment in your safety, independence and comfort — when you need it most. Choose Peace of Mind. Choose Bliss Tubs.
